

Fourth colour of Indian flag

Sana "Take your heart wherever you go."

Sara "But I'm coming into your heart"

Sana "Go to hell"

Sara "I'm dwelling in heaven now"

Sana "Is the old, un-painted house looking like heaven?"

Sara "I meant your fat filled physique as heaven."

Sana "I'm more prettier than heaven."

Sara "You're just sana not sana khan. But you just have a good neck to Kiss."

[Sara kissed on sana's neck]

Sana "So i'm not pretty?"

Sara "You are Cute enough to have two sessions. That's all."

Sana "Then take your hands out of my cat."

Sara "No, I should prove myself as the best Performer."

Sana "You are just sara not sara ali khan. I like her."

Sana "we both like & fuck only girls."

Sana "lusty slut. always thinking to drink my all energy in this bed."

Sara "Don't Underrate sex just as lust."

Sana "Is that a holy thing?"

Sara "Yeah. It gives.. kind of freedom to people."

Sana "How was that tell now."

Sara "As I Knew Many people are thinking Others as their own, with whom they had sex but men's usually fuck anything when they get chance. They're too user-friendly."

Sana "Men are assholes. Betray their behalf easily. But...Some girls also have affairs with Co-worker, assistants or.....with-with their ex boyfriend like our nancy aunty.

Sara "we Knew about her, so our house rent is less & She does what she likes -like me."[kissed her]

Sana "Have you had sex with anyone before me."

Sara "Not Yet. having a plan for chubby thighs (nancy).

Sana "Mmm. Ok"[giggled]

Sara "Have you? Same question."

Sana "Ahh...I studied in girls school till 8th std. I'm too innocent at that time."

Sara "Hmm.....How many times?"

Sana "We Can Comb the hairs, but can't count it. Whenever I thought I took my Kind of folks to the Chemistry lab & had. I also did what i liked."

Sara "I drank from a public well not from an unsealed bottle today."

Sana "Kind of. Try to accept or fuck your nancy aunty instead of creaming by looking her through window."

Sara "Nancy aunty. ssshe is so cute. Look at her cheeks, How chubby it is, I have to bite it. Do you know once she said she's having a mole on her left thigh."

Sana "Hmm. Then?"

Sara "Her husband is lucky to have her, I missed."

Sana "Pay only our house rent to her, Don't do anything else. You are mine now."

Soho "Let's see. But now work is worship. Come"

[Sara slept over sana & closed the blanket.]

Both started giggling "Ouch", "OWW". They cuddled inside the blanket, suddenly a power cut.

They both come out with deep breaths.

Sana "aaaahhh. This was...was my...my best ever. ufffff!!(Heavy breaths with widening chest)

Sara "First impression should be best right? At least for me.(With heavy breaths)

[Fan slowly turned off so that bees sat on that. After a couple of heavy breaths they both came to calm mood and swallowed her saliva twice and asked.]

Sana "Do men's fuck someone for a revenge?"

Sara "Why?"

Sana "One of my co-worker bhuvan proposed me."

Sara "Did you said 'Yes'."

Sana "I said No. That bastard works in the hardware department came to Reception area & proposed me."

Sara "Have you said about us."

Sana "No. He will look at me Weird."

Sara "We are not weird"

Sara "We are. You know only about Mortgage. Not how outside people treat us."

Sara "Listen. Nokia phone is new to your mother, Oneplus is new to us, likewise we. People adapt to change soon."

Sana "hmm. But...."

[Sara took tissue out of a box called 'Wet cleaners' & cleaned her fingers of right hand & wiped sana's navel & below stomach.]

Sana took a newspaper & read the news.

Sana "See this: One terrorist killed by civilians in Ali Street I missed that chance to kill him."

Sara "Don't scold a terrorist. They're walking with a blindfold, Soon they will open their eyes. But if anyone opens they won't be alive."

Sana "Ok Ok. You wipe my cat properly. you don't have any blindfolds."

Sana "Ohh! Then i have an energy drink."

[Sara kissed sana's below stomach continuously Sana can't control the intimacy shouted loud, louder & loudest for a couple of minutes & finally jerked off.]

Sana took a deep breath, she wiped all the sweat on her face & neck and Sara kissed smoothly on sana's left thigh.

[Meanwhile sana with a sad behaviour.]

Sana "We are like sinners"

Sara "No. People are just jealous of us."

Sana "How do you say that?"

Sara "Everyone is practiced to the rule that lion rules the jungle."

Sana "So? "

Sara "Can't a lioness rule the same jungle?"

[Sara kissed her below-stomach again.]

Sana "which jungle?"

Sara "If you have understood then spread your legs little."(She spreadt)

Sana "But Nancy aunty looks at us differently."

Sara came near to her face & stared, blinked her eyes twice then kissed on her armpit, sucked the sweat & said:

"See five fingers are different to each other but in the same hand. Each gives different pleasure. People aren't ready to enjoy it."

Sana "Ouchh...mmmh...I Know You are telling these all to convince me for one more session."

Sara took hands out & said "I think it's enough for today."

Sana "Let me cook your cat."

Sana pushed sara towards bed & pulled her legs & said "Come to standardise pose. my crispy."

[They cuddled in the blanket.]

Sana "Not like this. Come to 'reverse-Y' pose."

(Still cuddling)

Sara "It's not an ice cream Ouch!! ahhh!!

Is that your mouth or vacuum cleaner?"

Sara "Enough we should bath in sweat now. Let's speak something."

Sana "Did i left anything to tell?"

Sara "Yes. Accept that bhuvan is the reason behind today's first sex."

Sana "True. Have you left anything to tell ?"

Sara(giggled) "You had sex in fear of a boy's proposal."

(Sana got angry & stares at sara)

Sara "Ok ok. Read that terrorist news."

Sana is still staring at sara without blinking her eyes

Sara "Go on my crispy cat."(kissed at her cheek)

Sana "hmm...[took the newspaper] A terrorist has mingled with civilians of Ali Street then he started things which go against Islam. So the civilians sneaked into his house & got to know he was sent to create chaos. In the fight between them, he has been killed by the civilians. For that compensation they want to consider an amount to his patents but they are invisible after that incident. The Community leader stated: 'We are having the best lanes of peace without harming a single Creature. Allah uh Akbar.'"

Sana stopped reading & stared at paper.

Sara "Something illogical. This paper's CEO was a Muslim, civilians too."

Sana "So what? look of this picture. I'm getting Vomit" (pic. of dead body)

Sara "Why? Are you pregnant?"

Sana " How can i be?(Sad) Means how can we have?"

Sana teared the newspaper from the center & entered her head from that. Both faces are straight, eye-to-eye, One sleeping upon another

Sara "why can't be have a baby? I have an idea for that."

Sana "what's that ?" [Looking her without blinking]

Sara "Listen carefully. When i was shaving my armpit hairs i got this idea. The Idea is I'll eject once or twice in a box, take my mayonnaise & feed your cat."

Sana "It's a nice idea. Is it possible?"

Sara "who have tried ? May be we're first."

Sana laughed a little bit (forcefully) and said

"We are also like that terrorist."

Sara "we are not harming anyone. So No."

Sana "Yes If people know what we are... They'll kill even us. We are just bad girls."

Sara "People who prioritize their own religion/caste than humanity will do that."

Sana "But God bless them why aren't they punished?"

Sara "God just works for slaves & bribes."

Sana "No God is good, not his preachers."

Sara "Which God? Everything is same. It's all fictional rules done by men, not women. to rule, divide, kill & exploit for their wellness."

Sana "But.....[Azan sounds at their house and they stopped speaking, After it ended]

Sara "Don't believe any god or people. We drank our own piss to survive when we were locked for a week. No God has stopped that."

Sara's face fades & becomes sad.

Sana looked at her & said:

"I won't have your baby. You have my baby. I'll eject. Even i have my own mayonnaise."

Sara "What are you?"

Sana "I don't know."

Sara "But i know."(relaxed tone)

Sana "Tell me. I want to know."

Sara "Give me a kiss, I'll "

Sana kissed rough & deeply on her cheeks.

Sara said "we are fourth colour of the Indian flag. 'An unnoticed'. Now it's already 1 so keep that irritating alarm on 5 & juzz sleep to wake up."

Sana "Yeah."

Both pulled the blanket, kissed on forehead & slept.
